

# PRIMARY SNARL GROWS WORSE FOR BOURBONS

### Paia District is Added to Hana Dispute and More Delay Follows

With Paia, Maui, now added to the squabble arising out of the Democratic primary elections held on the Valley Island a week ago, local Bourbons predict that it may be a week, or even more, before the correct and complete returns from the voting are received in Honolulu.

In the Hana district, the Maui county committee is to make an investigation of so-called "graft" charges, it being alleged that one Palakiko, said to be a supporter of Dr. J. H. Raymond, defeated candidate for delegate to the national convention, cast 35 votes by proxy. In the Paia districts, the Pinkham supporters claim that, prior to the recent election, there was no Democratic club in that section of the Valley Island.

According to John H. Wilson, national committeeman, the complete returns of the Maui election will not be received here until after the investigation. He expects that Attorney Eugene Murphy and representatives of the Maui county committee will go to Hana next Tuesday to begin the investigation. There is a possibility, he says, that the vote of both the Paia and the Hana districts may be thrown out and, in this case, the first reported returns of the election may be altered.

# WOMAN JAILED FOR HER ABUSE OF OFFICER

Considerable morbid interest was aroused in police court this morning in the testimony sworn to in the case against Louise, a common woman of twilight. Prosecuting Attorney Charles F. Chillingworth was scathing in his arraignment of the woman, not because of her character, but because she objected to a policeman in uniform being subjected to the vile language used by the defendant when arrested by Officer E. K. Richardson. The court agreeing with the prosecutor sentenced her to fifteen days' imprisonment. The defense demanded trial by jury and was committed to the circuit court under \$25 bond.

# BOYS FINED FOR BEING AT GAMBLING GAME

Kim Tai, Korean; David Harry, Hawaiian, and three Filipinos, John Salvador, A. Deloveau and J. Bismarco, were all found guilty of being present at a 7-11 gambling game, and sentenced to pay fines of \$5 each and costs. These boys were playing at twilight, and have been reported several times by cannery officials in that vicinity for being a nuisance. Bismarco is a member of the National Guard and sleeps at the armory.

# NATIONAL GUARD HEAD CHOICE OF GOVERNOR

The adjutant-general of the National Guard must be a resident of the territory where he serves, according to an amendment to the Chamberlain Army Bill, passed just before the bill went through the senate.

Nominations are to be made by the governors of territories, and not by the president as originally provided. The original plan would have made it possible for the president to send a mainlander to head the National Guard of Hawaii.

A. Scherbatschov, counsellor of the Russian Embassy at Washington for several years, has been appointed Russian Minister to Brazil, Chile, and Argentine.

# ARMY & NAVY GUARDSMEN TO ENTER SPORTS OF NOVEL TYPE

Copies of orders received at National Guard headquarters this morning from the 2nd Infantry, Hilo, announce plans for a big military tournament to be held in Mookheau Park, that city, on July 4. The tournament is to be participated in by men from all companies on the Big Island.

Each company will be allowed a team of 17 men, including the team captain, who will be responsible for his command. Prizes for winners of first, second and third places will be awarded in the individual contests.

The program arranged stands as follows: 100-yard dash, litter bearers' race, shoe race, flag relay, wall scaling, manual of arms, centipede race, donkey race, three-legged race, competitive squad drill, 220-yard dash and tug of war.

Unique features on the program will be the centipede race and the donkey race. The former will be run by teams of 10 men each, straddling tent poles, and will cover a distance of 100 yards. The donkey race is so called from the fact that one man must carry another for 100 yards, no aid in carrying being allowed save the regular uniforms. The carried man must weigh not less than 125 pounds.

Ten men and a captain will represent each team in the tug of war, and it is certain that the biggest men of the Big Island will turn out for this event.

Officers for the meet are as follows: Capt. Joseph S. Cacerea, referee; Capt. Allan R. L. Rowat, athletic officer; 1st Lieut. Ernest C. Meeker, 1st Lieut. Edward Hamauku, 1st Lieut. William H. Beers, 1st Lieut. Norman K. Lyman, 2nd Lieut. A. T. Spalding, 2nd Lieut. G. H. Washburn, judges; 1st Lieut. James Cushing, starter; 1st Lieut. Joseph P. Teves, 1st Lieut. Edward A. Campbell and 2nd Lieut. James W. Russell, timekeepers; 1st Lieut. Alvah A. Scott, clerk of course; 2nd Lieut. A. Christian, scorer and reporter; 2nd Lieut. Charles B. Makanaui, announcer.

# ORDERS OF THE HAWAIIAN DEPT.

The following named enlisted men will be discharged from the army by the commanding officers of their respective stations, by purchase: Pvt. Charles Vaughan, Troop K, 4th Cavalry, Schofield Barracks, and Pvt. Frank Adams, Company A, 2d Infantry, Fort Shafter.

Pvt. Ora Craig, Company H, 1st Infantry, Schofield Barracks, will be discharged from the army by the commanding officer of that post, on account of imprisonment under sentence of a civil court.

# ARMY OFFICER VICTIM OF STRANGE AILMENT

Claiming that Hawaiian sunlight injures his eyes and incapacitates him for duty, Capt. John B. H. Waring, Medical Corps, U. S. A., has refused to serve either by night or day, and is now being tried by court martial at Schofield Barracks.

Officers here and in the mainland, who have been investigating the officer's eyes for the last five years, find nothing wrong with him, and declare that he is fit for duty. The court martial comes directly as a result of Capt. Waring's having refused to obey orders issued by Brig-gen. John P. Wisser.

Among the officers who will testify at the court martial are Lieut.-col. Frank R. Keefer, M. C., Schofield Barracks; Lieut.-col. Frederick P. Reynolds and Col. Rudolph Ebert.

# MANY ARTILLERYMEN PASS GUNNER EXAMS.

Pursuant to the results announced by Col. William C. Rafferty, C. A. C., commanding a large number of men who have taken examinations to determine their fitness as gunners, special orders were issued yesterday afternoon from army headquarters denoting such as had received passing grades.

First-class gunners will receive \$3 additional pay each month, and second-class gunners, \$2 additional. The winning names are numbered from Companies 68, 75, 105, 143, 51 and 159.

# FORT RUGER PRIVATE LISTED AS DESERTER

Pvt. Eugene A. Delaney, 159th Co., Coast Artillery Corps, is listed as a deserter from the United States army at Fort Ruger. Delaney has been missing from the post since April 9. He was wearing the regulation khaki uniform at that time. He is 26 years of age, weighs 146 pounds, and is five feet, seven and one-half inches in height. His eyes are blue; hair, dark brown; complexion, fair.

# ISLAND HONEY MAY JUMP INTO COAST MARKET

### Marketing Division Has Order for 15 Tons and Expects to Close the Deal

Island honey may be exported to the mainland in large quantities if plans now under consideration by the territorial marketing division materialize.

Supt. A. T. Longley has received inquiries from a mainland firm which intimates that the company could use 250 cases, or about 15 tons, of the island product. The honey market, Mr. Longley says, has been unusually slow, and if the product can be secured and supplied at the prices asked by the mainland concern, the deal doubtless will go through.

The demand for Hawaiian pineapples is good, but the division is unable to secure the fruit. Island eggs are rather plentiful, and are bringing from 32 to 35 cents wholesale. The new system of having each dealer stamp his eggs is bringing considerably more trade to the producers, Mr. Longley says.

The island onion market is not strong, for the reason that his product is unusually scarce. Only a few sacks were received by the division last week, not enough to supply an increasing demand. Island poultry also is scarce and the demand is good. Prices rose slightly this week.

The division has had the army contract for rice during the last few months, the contract for May calling for 180 sacks. Island potatoes are scarce. The demand is good and the prices high. The demand for island beans is more than good, but there was not a bean in sight this week. Island green produce is coming in in large quantities.

The sales by the division have increased markedly since the first of the year, and particularly since the occupancy of the new building. A new driver has been added to the staff.

# BOTH OFFENDERS ARE GIVEN FINES BY COURT

Both Wong Kim and Mrs. Tom Kong pleaded guilty of committing a statutory offense and were fined \$50 and \$15 respectively. Tom Kong, with their young child, was the complainant against his wife and Wong Kim.

Prince Miroko of Montenegro is seriously ill. The Austrians have permitted him to leave the country, and go to a warmer climate.

# DECISION NOT SATISFACTORY TO HILO SCHOOL

That the Hilo Boarding School may appeal to the supreme court from the decision of Circuit Judge Charles F. Parsons, which holds that the school is entitled to 5,900,000 gallons of water each day from the south branch of the Waikuku river, was the prediction made today by one of the counsel for the school.

Although Judge Parsons' decision is in favor of the school in its action against the territory, the county of Maui et al, to determine water rights, the original demand of the school was that it was entitled to 10,000,000 gallons of water daily, and it is upon this contention that the appeal may be taken, counsel said.

Judge Parsons' decision was handed down last Thursday, the news of the court's finding having reached the Star-Bulletin by wireless yesterday afternoon.

The decision, in reciting the history of facts leading up to the litigation, goes back as far as 1854 to mention Royal Land Patents awarded to D. B. Lyman, Titus Coan and Charles H. Wetmore, pioneer missionaries to these islands.

Aside from its water grant, the school is allowed by the decision the right to reconstruct, repair and maintain in their present and former positions dams two, three, four, six and seven at the height and conditions the dams were usually in.

### "Gee! I'd have a birthday every day if we had LOJU"

—Give the children something new—let them enjoy this new fruit juice—the delicious Juice of Oregon's famous loganberries! It's the same delightful flavor you used to find in the wild blackberry, for the Oregon loganberry is a cross between the mountain blackberry and the red raspberry. In the Willamette Valley of Oregon, these big luscious loganberries grow as nowhere else in the world. We press the juice just as the berries come from the field, wet with the morning dew.

## Tell your grocer to send you a few bottles of Loganberry Juice

—Have some of it ready for little impromptu occasions. See the way its delicious flavor will delight everyone. "Loju," like no other fruit juice, contains the natural citric acid. You can compare the "Loju" flavor with nothing else—it isn't the sweet, insipid flavor, neither does it leave that heavy, "sluggish" after effect.

## No raise in the price of ALABASTINE

From a communication from the factory, we quote the following:

"The standardized, advertised prices on Alabastine have been so fixed in the minds of the public, that to disturb them would be a most radical change in our policy. While everybody knows the great additional expense that we are having to absorb because of war-time price-increases, we will work mighty close to the line of "no profits" temporarily, rather than raise our prices.

We are not in business for the possible gain of today, but want to build for the future. We can promise nothing definitely about the maintenance of the present prices, except to say that a raise in price will be made only when it is absolutely imperative."

### The lasting excellence and ease of application are added reasons for using Alabastine for interior decorating

This is the season that "touching up" and redecorating the house is in order. A change here or there does much toward making things look like new.
